

*“Climbing an 80 foot ropes course! Being part of a work team that completes a project from beginning to end! Putting up and sleeping in a tent under the stars! Hiking the headwaters of Onondaga Creek and learning about water health! Cooking a meal for 20 people! Tapping sugar maples for syrup in the woods! Discovering that the trees I plant in our parks give me and my family clean air to breathe! Every day at earth corps is challenging, demanding and exciting”*

*- OEC Crewmembers 2017*

Dear

You and your organization can play a part in bringing forth these experiences to the youth of our community.

Since 2004 Onondaga Earth Corps (OEC) has created opportunities for young people to experience and care for our natural environment, to plant trees, work hard, develop job readiness skills, and make a difference in our neighborhoods. They become committed citizens with a vision for their own future and for the future of our community.

We are grateful for the support of individuals, companies, and organizations that continue to give to the OEC. Your dedication and contributions sustain our youth and young adult programs.

Please consider adding your name, company or organization to the many 2017 donors committed to the mission of empowering our youth and building community:

- Sponsor our Fall fundraiser, “Earth Corps · Encore 2017”
- Advertise in our Event Program Guide
- Donate to our fund-a-truck campaign

Enclosed you will find a sponsorship/advertising form. Please consider honoring the efforts and success of the Onondaga Earth Corps, its youth and all they have accomplished.

Many thanks for your generous support,

Gregory Michel  
Executive Director
